

# Do you need a dental examination?

Fourth-year dental students are screening adult patients for their dental licensure examination.

Every registered patient will receive a free screening for cavities, a limited dental examination and x-rays, and referral for a free comprehensive dental examination at the dental school. Screenings take place on Tuesday evenings between October 27, 2015, and January 12, 2016. Qualifying individuals will be invited to serve as patients on February 11 and 12, 2016. Patients serving in this capacity may be eligible for free services, including fillings and deep cleaning.
