

# Vieira Lab Newsletter

## Lab News

There were 13 Dean's Summer Research Scholars this year, the largest number of scholars since the program was initiated by Dr. Thomas Braun almost 20 years ago. Dr. Vieira has been working to continue to expand the program and create an engaging environment for the students that goes beyond their research group since he became Director of Student Research in 2012. This is a 12-week summer program for incoming dental students and many of them will submit their work to be presented at the ADEA or AADR meetings this coming spring.

First row: Andrew Bertot, Ariana Kelly, Cara Maloney, Casey White, Daryna Koval, Kaitlyn Frey and Erin Schwoegl.

Second row: Dr. Vieira, John Huyser, Andrew Herr, Monil Mehta, Tanner Grace, Renee Stephens, and Patrick Donnelly.
