

Vieira Lab Newsletter

Lab News

As Director of Student Research, it has been Dr. Vieira's goal to expand and improve the Dean's Summer Research Program. Over the last four years, Dr. Braun and the School of Dental Medicine have accepted 27 students into the program. This program allows newly accepted dental students the opportunity to experience research relevant to dentistry before they begin dental school. Throughout the summer, these students will work on a research project, attend a weekly journal club, and will be expected to continue research throughout their four years in dental school. They will also present their work at the School of Dental Medicine Research Symposium in May of the following year. Other possibilities for these students include participating every year at the AADR annual meeting and the Student Research Award Competition.

2014 Dean's Research Scholars Front Row: Sara Barna, Katelyn Hilands, Chelsea Stein, Katherine Ni and Sruthi Satishchandran. Back Row: Vivek Sharma, Roman Garcia, Karunesh Chakote, Dr. Vieira, Ryan Kang, and Jinpyo Hong.

Welcome 2015 Dean's Research Scholars

Students	Mentors
Sarah Albani	Drs. Wankiiri-Hale & Horvath
Cristina Armbruster	Drs. Modesto & Studen-Pavlovich
Keri Chen	Drs. Summersgill & Guggenheimer
Nicholas DiLeo	Dr. Taboas
Paul Herman	Drs. Bilodeau & Wrigley
Jose Jacas	Dr. Almarza
Eric Moe	Dr. Spallek
Adil Omar	Dr. Ouyang
Priscila Quito	Dr. Polk
